The story so far: Kyou becomes the oldest brother after his father remarries. He is now working part-time at the owner of the cafe their late mother left behind. One day, Haruto withdraws the second oldest Kaoru's relationship with their younger brother. Masashi's friend, Taiki, Re-Meet reveals his feelings for Kyou to Kaoru. But Kaoru tells him the same thing his boss at work told him. To give it to. At that time, a weak Kaoru used to see older only opponents
